FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2018

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-35784

NORWEGIAN CRUISE LINE HOLDINGS LTD.

(Exact name of registrant as specified in its charter)

Bermuda
(State or other jurisdiction of
incorporation or organization)

98-0691007
(I.R.S. Employer
Identification No.)

7665 Corporate Center Drive, Miami, Florida 33126
(Address of principal executive offices) (zip code)

(305) 436-4000
(Registrant's telephone number, including area code)

N/A
(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company)

Emerging growth company

Accelerated filer

Smaller reporting company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

There were 221,468,328 ordinary shares outstanding as of July 31, 2018.

1. Description of Business and Organization

We are a leading global cruise company which operates the Norwegian Cruise Line, Oceania Cruises and Regent Seven Seas Cruises brands. As of June 30, 2018, we had 26 ships with approximately 54,400 Berths. We plan to introduce eight additional ships through 2027, subject to certain conditions. Norwegian Encore is on order for delivery in the fall of 2019. We also have an Explorer Class Ship, Seven Seas Splendor, on order for delivery in the winter of 2020. Project Leonardo will introduce an additional six ships with expected delivery dates from 2022 through 2027. These additions to our fleet will increase our total Berths to approximately 78,900.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements are unaudited and, in our opinion, contain all normal recurring adjustments necessary for a fair statement of the results for the periods presented.

Our operations are seasonal and results for interim periods are not necessarily indicative of the results for the entire fiscal year. Historically, demand for cruises has been strongest during the Northern Hemisphere’s summer months. The interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements for the year ended December 31, 2017, which are included in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Earnings Per Share

A reconciliation between basic and diluted earnings per share was as follows (in thousands, except share and per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Net income	\$ 226,676	\$ 198,473	\$ 329,831	\$ 260,383
Basic weighted-average shares outstanding	223,308,350	227,931,135	225,314,816	227,701,109
Dilutive effect of share awards	1,082,529	1,158,950	1,463,290	1,123,187
Diluted weighted-average shares outstanding	224,390,879	229,090,085	226,778,106	228,824,296
Basic earnings per share	\$ 1.02	\$ 0.87	\$ 1.46	\$ 1.14
Diluted earnings per share	\$ 1.01	\$ 0.87	\$ 1.45	\$ 1.14

For the three months ended June 30, 2018 and 2017, a total of 5.9 million and 5.2 million shares, respectively, and for the six months ended June 30, 2018 and 2017, a total of 4.6 million and 6.4 million shares, respectively, have been excluded from diluted weighted-average shares outstanding because the effect of including them would have been anti-dilutive.

Revenue and Expense Recognition

On January 1, 2018, we adopted Accounting Standards Update (“ASU”) No. 2014-09 (“Topic 606”) - Revenue from Contracts with Customers. Topic 606 supersedes the revenue recognition requirements in Accounting Standards Codification 605 - Revenue Recognition. Using the modified retrospective method, we applied the new requirements to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning after January 1, 2018 are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting under Topic 605.

Nature of goods and services

We offer our guests a multitude of cruise fare options when booking a cruise. Our cruise ticket prices generally include cruise fare and a wide variety of onboard activities and amenities, as well as meals and entertainment. In some instances, cruise ticket prices include round-trip airfare to and from the port of embarkation, complimentary beverages, unlimited shore excursions, free internet, pre-cruise hotel packages, and on some of the exotic itineraries, pre or post land packages. Prices vary depending on the particular cruise itinerary, stateroom category selected and the time of year that the voyage takes place. Passenger ticket revenue also includes full ship charters as well as port fees and taxes.

During the voyage, we generate onboard and other revenue for additional products and services which are not included in the cruise fare, including casino operations, certain food and beverage, gift shop purchases, spa services, photo services and other similar items. Food and beverage, casino operations and shore excursions are generally managed directly by us while retail shops, spa services, art auctions and internet services may be managed through contracts with third-party concessionaires. These contracts generally entitle us to a fixed percentage of the gross sales derived from these concessions. While some onboard goods and services may be prepaid prior to the voyage, we utilize point-of-sale systems for discrete purchases made onboard. Certain of our product offerings are bundled and we allocate the value of the bundled goods and services between passenger ticket revenue and onboard and other revenue based upon the relative standalone selling prices of those goods and services.

Timing of satisfaction of performance obligations and significant payment terms

The payment terms and cancellation policies vary by brand, stateroom category, length of voyage, and country of purchase. A deposit for a future booking is required at or soon after the time of booking. Final payment is generally due between 120 days and 180 days before the voyage. Deposits on advance ticket sales are deferred when received, and include amounts that are refundable. Deferred amounts are subsequently recognized as revenue ratably during the voyage sailing days as services are rendered over time on the ship. Deposits are generally cancellable and refundable prior to sailing, but may be subject to penalties, depending on the timing of cancellation. The inception of substantive cancellation penalties generally coincides with the dates that final payment is due, and penalties generally increase as the voyage sail date approaches. Cancellation fees are recognized in passenger ticket revenue in the month of the cancellation. Onboard goods and services rendered may be paid at disembarkation. A receivable is recognized for onboard goods and services rendered when the voyage is not completed before the end of the period.

Cruises that are reserved under full ship charter agreements are subject to the payment terms of the specific agreement and may be either cancelable or non-cancelable. Deposits received on charter voyages are deferred when received and included in advance ticket sales. Deferred amounts are subsequently recognized as revenue ratably over the voyage sailing dates.

Financial statement presentation

As of January 1, 2018, in connection with the adoption of Topic 606, we reclassified \$51.6 million of deferred costs associated with obtaining customer contracts to prepaid expenses and other assets from advance ticket sales.

Segment Reporting

We have concluded that our business has a single reportable segment. Each brand, Norwegian, Oceania Cruises and Regent, constitutes a business for which discrete financial information is available and management regularly reviews the brand level operating results and, therefore, each brand is considered an operating segment. Our operating segments have similar economic and qualitative characteristics, including similar long-term margins and similar products and services; therefore, we aggregate all of the operating segments into one reportable segment.

Although we sell cruises on an international basis, our passenger ticket revenue is primarily attributed to U.S.-sourced guests who make reservations in the U.S. Revenue attributable to U.S.-sourced guests has historically approximated 75-80%. No other individual country’s revenues exceed 10% in any given period.

[Table of Contents](#)*Disaggregation of Revenue*

Revenue and cash flows are affected by economic factors in various geographical regions. Revenues by destination were as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
North America	\$ 851,569	\$ 769,368	\$ 1,726,748	\$ 1,620,039
Europe	432,296	419,944	463,366	446,106
Asia-Pacific	153,673	55,514	421,391	188,944
Other	84,636	99,277	204,072	239,795
Total revenue	<u>\$ 1,522,174</u>	<u>\$ 1,344,103</u>	<u>\$ 2,815,577</u>	<u>\$ 2,494,884</u>

Contract Balances

Receivables from customers are included within accounts receivables, net. As of June 30, 2018 and January 1, 2018, our receivables from customers were \$18.3 million and \$13.8 million, respectively.

Contract liabilities represent the Company's obligation to transfer goods and services to a customer. A customer deposit held for a future cruise is generally considered a contract liability only when final payment is both due and paid by the customer and is usually recognized in earnings within 180 days of becoming a contract. Other deposits held and included within advance ticket sales or other long-term liabilities are not considered contract liabilities as they are largely cancelable and refundable. Our contract liabilities are included within advance ticket sales. As of June 30, 2018 and January 1, 2018, our contract liabilities were \$1.5 billion and \$1.0 billion, respectively. Of the amounts included within contract liabilities, approximately 50% were refundable in accordance with our cancellation policies. Approximately \$1.0 billion of the January 1, 2018 contract liability balance has been recognized in revenue for the six months ended June 30, 2018.

Our revenue is seasonal and based on the demand for cruises. Historically, the seasonality of the North American cruise industry generally results in the greatest demand for cruises during the Northern Hemisphere's summer months. This predictable seasonality in demand has resulted in fluctuations by quarter in our revenue and results of operations. The seasonality of our results is increased due to ships being taken out of service for regularly scheduled Dry-docks, which we typically schedule during non-peak demand periods. This seasonality will result in higher contract liability balances as a result of an increased number of reservations preceding these peak demand periods. The addition of new ships also increases the contract liability balances prior to a new ship's delivery, as staterooms are usually made available for reservation prior to the inaugural cruise. Norwegian Bliss, with approximately 4,000 berths, added 8% capacity to our fleet, was delivered on April 19, 2018.

Practical Expedients and Exemptions

We do not disclose information about remaining performance obligations that have original expected durations of one year or less. We recognize revenue in an amount that corresponds directly with the value to the customer of our performance completed to date. Variable consideration, which will be determined based on a future rate and passenger count, is excluded from the disclosure and these amounts are not material. These variable non-disclosed contractual amounts relate to our non-cancelable charter agreements and a leasing arrangement with a certain port, both of which are long-term in nature. Amounts that are fixed in nature due to the application of minimum guarantees are also not material and are not disclosed.

Contract Costs

Management expects that incremental commissions and credit card fees paid as a result of obtaining ticket contracts are recoverable; therefore, we recognize these amounts as assets when they are paid prior to the voyage. Costs of air tickets and port taxes and fees that fulfill future performance obligations are also considered recoverable and are recorded as assets. As of June 30, 2018, \$140.4 million of costs incurred to obtain customers and \$28.9 million of costs to fulfill contracts with customers are recognized as assets within prepaid expenses and other assets. Incremental commissions, credit card fees, air ticket costs, and port taxes and fees are recognized ratably over the voyage sailing dates, concurrent with associated revenue, and are primarily in commissions, transportation and other expense.

[Table of Contents](#)*Impacts on Financial Statements*

The adoption of Topic 606 does not change the timing, classification or amount of revenue recognized from customers in our consolidated financial statements nor does it change the timing, classification or amount of incremental costs to obtain and fulfill those contracts with customers. Therefore, the adoption had no impact on our consolidated statement of operations or consolidated statement of comprehensive income.

The following table summarizes the impacts of Topic 606 adoption on our consolidated balance sheet which has been adjusted for deferred contract costs that would have been included, net, in Advance ticket sales as of June 30, 2018 (in thousands):

	<u>As reported</u>	<u>Adjustments</u>	<u>Balances without adoption of Topic 606</u>
Prepaid expenses and other assets	\$ 329,135	\$ (81,936)	\$ 247,199
Total assets	15,329,646	(81,936)	15,247,710
Advance ticket sales	1,951,701	(81,936)	1,869,765
Total liabilities and shareholders' equity	\$ 15,329,646	\$ (81,936)	\$ 15,247,710

The following table summarizes the impacts of our adoption of Topic 606 on our consolidated statement of cash flows for the six months ended June 30, 2018 (in thousands):

	<u>As reported</u>	<u>Adjustments</u>	<u>Balances without adoption of Topic 606</u>
Changes in operating assets and liabilities:			
Prepaid expenses and other assets	\$ (74,980)	\$ 30,337	\$ (44,643)
Advance ticket sales	612,332	(30,337)	581,995
Net cash provided by operating activities	\$ 1,253,801	\$ —	\$ 1,253,801

Foreign Currency

The majority of our transactions are settled in U.S. dollars. We translate assets and liabilities of our foreign subsidiaries at exchange rates in effect at the balance sheet date. We recognized a gain of \$12.7 million and a loss of \$8.1 million for the three months ended June 30, 2018 and 2017, respectively, and a gain of \$10.9 million and a loss of \$10.8 million for the six months ended June 30, 2018 and 2017, respectively, related to transactions denominated in other currencies.

Depreciation and Amortization Expense

The amortization of deferred financing fees is included in depreciation and amortization expense in the consolidated statements of cash flows; however, for purposes of the consolidated statements of operations they are included in interest expense, net.

Recently Issued and Adopted Accounting Guidance

In February 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-02 which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e. lessees and lessors). The ASU requires lessees to recognize assets and liabilities on the balance sheet for the rights and obligations created by all leases with terms of more than 12 months. The ASU further modifies lessors' classification criteria for leases and the accounting for sales-type and direct financing leases. The ASU will also require qualitative and quantitative disclosures designed to give financial statement users additional information on the amount, timing, and uncertainty of cash flows arising from leases. The ASU is effective for annual reporting periods, and interim periods within those annual periods, beginning after December 15, 2018 with early adoption permitted. The ASU is to be applied using a modified retrospective approach. To evaluate the impact of the adoption of this guidance, we have engaged a third party to assist us in our review of existing leases and evaluation of contracts to determine what might be considered a lease under the new guidance. We are also evaluating certain practical expedients offered by the guidance and their effects upon adoption.

[Table of Contents](#)

In December 2017, the Tax Cuts and Jobs Act (“the Act”) was enacted. Among other provisions, the Act reduces the U.S. federal corporate tax rate from 35% to 21%. The SEC staff issued Staff Accounting Bulletin No. 118, which addresses how a company recognizes provisional amounts when a company does not have the necessary information available, prepared or analyzed (including computations) in reasonable detail to complete its accounting for the effect of the changes required by the Act. The measurement period ends when a company has obtained, prepared and analyzed the information necessary to finalize its accounting, but cannot extend beyond one year. As of June 30, 2018, we have not completed the accounting for the tax effects of enactment of the Act; however, as described below, we have made a reasonable estimate of the effects on existing deferred tax balances. These amounts are provisional and subject to change. The most significant impact of the Act for the Company was a \$7.4 million reduction of the value of net deferred tax liabilities (which represent future tax expenses) that was recorded in 2017 as a discrete tax benefit as a result of lowering the U.S. corporate income tax rate from 35% to 21%. The tax benefit represents a provisional amount and the Company’s current best estimates. Any adjustments recorded to the provisional amount through the end of 2018 will be included in income from operations as an adjustment to tax expense. The provisional amounts incorporate assumptions made based upon the Company’s current interpretation of the Act and may change as the Company receives additional clarification and implementation guidance. Other aspects of the Act are either not applicable or not expected to have a material impact on the Company’s financial statements.

In January 2017, the FASB issued ASU No. 2017-04 which simplifies the test for goodwill impairment by eliminating Step 2 from the goodwill impairment test. Step 2 measures a goodwill impairment loss by comparing the implied fair value of a reporting unit’s goodwill with the carrying amount of that goodwill. The guidance is effective for annual or any interim goodwill impairment tests in years beginning after December 15, 2019. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. We do not expect to early adopt this guidance. We will evaluate the impact of this guidance to our consolidated financial statements upon adoption of the guidance.

On January 1, 2018, we adopted ASU No. 2016-16 which requires companies to recognize the income-tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs, rather than when the asset has been sold to an outside party. This adoption resulted in a cumulative-effect adjustment of \$19.1 million to retained earnings. This amount captures the write-off of previously unamortized deferred income tax expense from past intra-entity transfers involving assets other than inventory not previously recognized under U.S. GAAP.

On January 1, 2018, we adopted ASU No. 2017-12 which simplifies the accounting for derivatives. For derivative instruments that are designated and qualify as a cash flow hedge, the gain or loss on the derivative instrument is reported as a component of other comprehensive income and reclassified into earnings in the same period or periods during which the hedged transaction affects earnings and is presented in the same income statement line item as the earnings effect of the hedged item. Upon adoption, the guidance required a cumulative effect adjustment, relating to the elimination of the separate measurement of ineffectiveness for cash flow hedges, to accumulated other comprehensive income (loss) with a corresponding adjustment to the opening balance of retained earnings which was not material to our financial statements (we refer you to Note 8. “Fair Value Measurements and Derivatives”).

3. Intangible Assets

The carrying amounts of intangible assets subject to amortization are included within other long-term assets. The gross carrying amounts of intangible assets, the related accumulated amortization, the net carrying amounts and the weighted-average amortization periods of the Company’s intangible assets are listed in the following tables (in thousands, except amortization period):

	June 30, 2018			Weighted-Average Amortization Period (Years)
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	
Customer relationships	\$ 120,000	\$ (79,311)	\$ 40,689	6.0
Licenses	3,368	(2,213)	1,155	5.6
Total intangible assets subject to amortization	<u>\$ 123,368</u>	<u>\$ (81,524)</u>	<u>\$ 41,844</u>	

	December 31, 2017			Weighted-Average Amortization Period (Years)
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	
Customer relationships	\$ 120,000	\$ (66,866)	\$ 53,134	6.0
Licenses	3,368	(1,601)	1,767	5.6
Non-compete agreements	660	(660)	—	1.0
Total intangible assets subject to amortization	<u>\$ 124,028</u>	<u>\$ (69,127)</u>	<u>\$ 54,901</u>	

The aggregate amortization expense is as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Amortization expense	<u>\$ 6,553</u>	<u>\$ 7,750</u>	<u>\$ 13,057</u>	<u>\$ 15,665</u>

[Table of Contents](#)

The following table sets forth the Company's estimated aggregate amortization expense for each of the five years below (in thousands):

Year ended December 31,	Amortization Expense
2019	\$ 18,489
2020	9,906
2021	75
2022	75
2023	75

4. Accumulated Other Comprehensive Income

Accumulated other comprehensive income for the six months ended June 30, 2018 was as follows (in thousands):

	Accumulated Other Comprehensive Income	Change Related to Cash Flow Hedges	Change Related to Shipboard Retirement Plan
Accumulated other comprehensive income at beginning of period	\$ 26,966	\$ 33,861	\$ (6,895)
Current period other comprehensive income before reclassifications	32,682	32,682	—
Amounts reclassified into earnings	(8,296)	(8,508)(1)	212(2)
Accumulated other comprehensive income at end of period	<u>\$ 51,352</u>	<u>\$ 58,035(3)</u>	<u>\$ (6,683)</u>

- (1) We refer you to Note 8—“Fair Value Measurements and Derivatives” for the affected line items in the consolidated statements of operations.
- (2) Amortization of prior-service cost and actuarial loss reclassified to other income (expense).
- (3) Includes \$49.3 million of gain expected to be reclassified into earnings in the next 12 months.

Accumulated other comprehensive loss for the six months ended June 30, 2017 was as follows (in thousands):

	Accumulated Other Comprehensive Loss	Change Related to Cash Flow Hedges	Change Related to Shipboard Retirement Plan
Accumulated other comprehensive loss at beginning of period	\$ (314,473)	\$ (307,618)	\$ (6,855)
Current period other comprehensive income before reclassifications	124,236	124,236	—
Amounts reclassified into earnings	20,158	19,949(1)	209(2)
Accumulated other comprehensive loss at end of period	<u>\$ (170,079)</u>	<u>\$ (163,433)</u>	<u>\$ (6,646)</u>

- (1) We refer you to Note 8—“Fair Value Measurements and Derivatives” for the affected line items in the consolidated statements of operations.
- (2) Amortization of prior-service cost and actuarial loss reclassified to payroll and related expense.

5. Property and Equipment, net

Property and equipment, net increased \$1.0 billion for the six months ended June 30, 2018 primarily due to the delivery of Norwegian Bliss and ship improvement projects.

6. Long-Term Debt

On April 19, 2018, we took delivery of Norwegian Bliss. To finance the payment due upon delivery, we had export financing in place for 80% of the contract price. The associated \$850.0 million term loan bears interest at a fixed rate of 3.92% with a maturity date of April 19, 2030. Principal and interest payments are payable semiannually.

On April 4, 2018, we redeemed \$135.0 million principal amount of the \$700.0 million aggregate principal amount of outstanding 4.750% Senior Notes due 2021 (the “Notes”) at a price equal to 100% of the principal amount of the Notes being redeemed and paid the premium of \$5.1 million and accrued interest of \$1.9 million. The redemption also resulted in a write off of \$1.2 million of certain fees. Following the partial redemption, \$565.0 million aggregate principal amount of Notes remained outstanding.

7. Related Party Disclosures

In March 2018, as part of a public equity offering of our ordinary shares owned by the Apollo Holders and Genting HK, we repurchased 4,722,312 of our ordinary shares sold in the offering for approximately \$263.5 million pursuant to our then existing share repurchase program. As of June 30, 2018, the ownership percentages of NCLH's ordinary shares were as follows:

Shareholder	Number of Shares	Percentage Ownership
Apollo Holders	15,728,782	7.1%
Genting HK	3,148,307	1.4%

8. Fair Value Measurements and Derivatives

Fair value is defined as the price at which an orderly transaction to sell an asset or to transfer a liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Fair Value Hierarchy

The following hierarchy for inputs used in measuring fair value should maximize the use of observable inputs and minimize the use of unobservable inputs by requiring that the most observable inputs be used when available:

Level 1 — Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement dates.

Level 2 — Significant other observable inputs that are used by market participants in pricing the asset or liability based on market data obtained from independent sources.

Level 3 — Significant unobservable inputs we believe market participants would use in pricing the asset or liability based on the best information available.

Derivatives

We are exposed to market risk attributable to changes in interest rates, foreign currency exchange rates and fuel prices. We attempt to minimize these risks through a combination of our normal operating and financing activities and through the use of derivatives. We assess whether derivatives used in hedging transactions are “highly effective” in offsetting changes in the cash flow of our hedged forecasted transactions. We use regression analysis for this hedge relationship and high effectiveness is achieved when a statistically valid relationship reflects a high degree of offset and correlation between the fair values of the derivative and the hedged forecasted transaction. There are no amounts excluded from the assessment of hedge effectiveness and there are no credit-risk-related contingent features in our derivative agreements. We monitor concentrations of credit risk associated with financial and other institutions with which we conduct significant business. Credit risk, including but not limited to counterparty non-performance under derivatives, is not considered significant, as we primarily conduct business with large, well-established financial institutions with which we have established relationships, and which have credit risks acceptable to us, or the credit risk is spread out among a large number of creditors. We do not anticipate non-performance by any of our significant counterparties.

As of June 30, 2018, we had fuel swaps maturing through December 31, 2020 which are used to mitigate the financial impact of volatility of fuel prices pertaining to approximately 1.0 million metric tons of our projected fuel purchases.

As of June 30, 2018, we had foreign currency forward contracts, matured foreign currency options and matured foreign currency collars which are used to mitigate the financial impact of volatility in foreign currency exchange rates related to our ship construction contracts denominated in euros. The notional amount of our foreign currency forward contracts was €1.5 billion, or \$1.8 billion based on the euro/U.S. dollar exchange rate as of June 30, 2018.

As of June 30, 2018, we had interest rate swap agreements to hedge our exposure to interest rate movements and to manage our interest expense. The notional amount of outstanding debt associated with the interest rate swap agreements was \$1.0 billion as of June 30, 2018.

[Table of Contents](#)

The following table sets forth our derivatives measured at fair value and discloses the balance sheet location (in thousands):

Balance Sheet location	Asset		Liability	
	June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017
Fuel contracts designated as hedging instruments				
Prepaid expenses and other assets	\$ 48,058	\$ 19,220	\$ —	\$ 2,406
Other long-term assets	32,482	19,854	658	3,469
Accrued expenses and other liabilities	—	—	—	3,348

Foreign currency contracts designated as hedging instruments				
Prepaid expenses and other assets	3,502	52,300	—	730
Other long-term assets	42,186	85,081	2,960	—
Other long-term liabilities	—	—	4,760	—
Interest contracts designated as hedging instruments				
Prepaid expenses and other assets	621	—	—	—
Other long-term assets	1,362	—	—	—
Accrued expenses and other liabilities	—	—	—	1,020
Total derivatives designated as hedging instruments	<u>\$ 128,211</u>	<u>\$ 177,031</u>	<u>\$ 8,378</u>	<u>\$ 13,121</u>

The fair values of swap and forward contracts are determined based on inputs that are readily available in public markets or can be derived from information available in publicly quoted markets. The Company determines the value of options and collars utilizing an option pricing model based on inputs that are either readily available in public markets or can be derived from information available in publicly quoted markets. The option pricing model used by the Company is an industry standard model for valuing options and is used by the broker/dealer community. The inputs to this option pricing model are the option strike price, underlying price, risk-free rate of interest, time to expiration, and volatility. The fair value of option contracts considers both the intrinsic value and any remaining time value associated with those derivatives that have not yet settled. The Company also considers counterparty credit risk and its own credit risk in its determination of all estimated fair values. Our derivatives and financial instruments were categorized as Level 2 in the fair value hierarchy, and we had no derivatives or financial instruments categorized as Level 1 or Level 3. Our derivative contracts include rights of offset with our counterparties. We have elected to net certain assets and liabilities within counterparties when the rights of offset exist. We are not required to post cash collateral related to our derivative instruments.

The following table discloses the gross and net amounts recognized within assets and liabilities (in thousands):

June 30, 2018	Gross Amounts	Gross Amounts Offset	Total Net Amounts	Gross Amounts Not Offset	Net Amounts
Assets	\$ 128,211	\$ (3,618)	\$ 124,593	\$ (42,913)	\$ 81,680

Long-Term Debt

As of June 30, 2018 and December 31, 2017, the fair value of our long-term debt, including the current portion, was \$6,964.9 million and \$6,448.6 million, respectively, which was \$4.2 million and \$23.5 million higher, respectively, than the carrying values. The difference between the fair value and carrying value of our long-term debt is due to our fixed and variable rate debt obligations carrying interest rates that are above or below market rates at the measurement dates. The fair value of our long-term debt was calculated based on estimated rates for the same or similar instruments with similar terms and remaining maturities resulting in Level 2 inputs in the fair value hierarchy. Market risk associated with our long-term variable rate debt is the potential increase in interest expense from an increase in interest rates. The calculation of the fair value of our long-term debt is considered a Level 2 input.

Other

The carrying amounts reported in the consolidated balance sheets of all other financial assets and liabilities approximate fair value.

9. Employee Benefits and Compensation Plans

Share Option Awards

The following is a summary of option activity under NCLH's Amended and Restated 2013 Performance Incentive Plan for the six months ended June 30, 2018. The amounts include 208,335 of performance-based awards, which were previously awarded, as a grant date had been established in the first quarter of 2018.

	Number of Share Option Awards			Weighted-Average Exercise Price			Weighted-Average Contractual Term	Aggregate Intrinsic Value
	Time-Based Awards	Performance-Based Awards	Market-Based Awards	Time-Based Awards	Performance-Based Awards	Market-Based Awards	(years)	(in thousands)
Outstanding as of January 1, 2018	6,580,898	373,969	208,333	\$ 49.18	\$ 31.39	\$ 59.43	6.99	\$ 50,021
Granted	—	208,335	—	—	59.43	—	—	—
Exercised	(468,540)	(106,109)	—	33.46	19.00	—	—	—
Forfeited and cancelled	(169,000)	(52,084)	—	54.75	59.43	—	—	—
Outstanding as of June 30, 2018	<u>5,943,358</u>	<u>424,111</u>	<u>208,333</u>	<u>\$ 50.26</u>	<u>\$ 44.82</u>	<u>\$ 59.43</u>	<u>6.69</u>	<u>\$ 23,885</u>

Restricted Ordinary Share Awards

The following is a summary of restricted NCLH ordinary share activity for the six months ended June 30, 2018:

	Number of Time-Based Awards	Weighted-Average Grant Date Fair Value
Non-vested as of January 1, 2018	858	\$ 58.33
Granted	—	—
Vested	(429)	58.25
Forfeited or expired	—	—
Non-vested and expected to vest as of June 30, 2018	<u>429</u>	<u>\$ 58.41</u>

Restricted Share Unit Awards

On March 1, 2018, NCLH granted 1.6 million time-based restricted share unit awards to our employees which vest equally over three years. Additionally, on March 1, 2018, NCLH granted 0.5 million performance-based restricted share units to certain members of our management team which vest upon the achievement of certain pre-established performance targets (the number reported assumes the maximum level of achievement).

The following is a summary of restricted share unit activity for the six months ended June 30, 2018. The amounts include 0.3 million performance-based restricted share awards, which were previously awarded, as a grant date had been established in the first quarter of 2018 (the number reported assumes the maximum level of achievement).

	Number of Time-Based Awards	Weighted-Average Grant Date Fair Value	Number of Performance-Based Awards	Weighted-Average Grant Date Fair Value	Number of Market-Based Awards	Weighted-Average Grant Date Fair Value
Non-vested as of January 1, 2018	2,555,477	\$ 50.86	—	\$ —	50,000	\$ 59.43
Granted	1,613,077	56.73	843,998	56.58	—	—
Vested	(1,006,184)	50.61	—	—	—	—
Forfeited or expired	(81,980)	53.29	(12,500)	59.43	—	—
Non-vested and expected to vest as of June 30, 2018	<u>3,080,390</u>	<u>\$ 53.96</u>	<u>831,498</u>	<u>\$ 56.58</u>	<u>50,000</u>	<u>\$ 59.43</u>

The share-based compensation expense for the three months ended June 30, 2018 was \$31.7 million of which \$27.3 million was recorded in marketing, general and administrative expense and \$4.4 million was recorded in payroll and related expense. The share-based compensation expense for the six months ended June 30, 2018 was \$59.8 million of which \$52.1 million was recorded in marketing, general and administrative expense and \$7.7 million was recorded in payroll and related expense. The share-based compensation expense for the three months ended June 30, 2017 was \$24.0 million of which \$21.1 million was recorded in marketing, general and administrative expense and \$2.9 million was recorded in payroll and related expense. The share-based compensation expense for the six months ended June 30, 2017 was \$42.2 million of which \$38.5 million was recorded in marketing, general and administrative expense and \$3.7 million was recorded in payroll and related expense.

10. Commitments and Contingencies

Ship Construction Contracts

Project Leonardo will introduce an additional six ships with expected delivery dates from 2022 through 2027, subject to certain conditions. Each of the six Project Leonardo ships is approximately 140,000 Gross Tons with approximately 3,300 Berths. We have an Explorer Class Ship, Seven Seas Splendor, on order for delivery in the winter of 2020. This ship is approximately 55,000 Gross Tons and 750 Berths. We have one additional Breakaway Plus Class Ship, Norwegian Encore, on order for delivery in the fall of 2019. Norwegian Encore is approximately 168,000 Gross Tons with approximately 4,000 Berths. The combined contract price of these eight ships was approximately €7.2 billion, or \$8.4 billion based on the euro/U.S. dollar exchange rate as of June 30, 2018. We have obtained export credit financing for six of the ships which is expected to fund approximately 80% of the contract price of each ship expected to be delivered through 2025, subject to certain conditions. Two of the Leonardo ships are confirmed orders expected to be delivered in 2026 and 2027, subject to financing (we refer you to Note 13—“Subsequent Event”).

In connection with the contracts to build these ships, we do not anticipate any contractual breach or cancellation to occur. However, if any were to occur, it could result in, among other things, the forfeiture of prior deposits or payments made by us, subject to certain refund guarantees, and potential claims and impairment losses which may materially impact our business, financial condition and results of operations.

Litigation

In the normal course of our business, various claims and lawsuits have been filed or are pending against us. Most of these claims and lawsuits are covered by insurance and, accordingly, the maximum amount of our liability is typically limited to our deductible amount.

Nonetheless, the ultimate outcome of these claims and lawsuits that are not covered by insurance cannot be determined at this time. We have evaluated our overall exposure with respect to all of our threatened and pending litigation and, to the extent required, we have accrued amounts for all estimable probable losses associated with our deemed exposure. We are currently unable to estimate any other potential contingent losses beyond those accrued, as discovery is not complete nor is adequate information available to estimate such range of loss or potential recovery. However, based on our current knowledge, we do not believe that the aggregate amount or range of reasonably possible losses with respect to these matters will be material to our consolidated results of operations, financial condition or cash flows. We intend to vigorously defend our legal position on all claims and, to the extent necessary, seek recovery.

11. Other Income (Expense), Net

For the three and six months ended June 30, 2018, other income (expense), net was income of \$12.9 million and \$11.3 million, respectively, primarily due to foreign currency exchange gains. For the three and six months ended June 30, 2017, other income (expense) was expense of \$5.6 million and \$8.4 million, respectively, due to foreign currency exchange losses, partially offset by a gain from an insurance claim.

12. Supplemental Cash Flow Information

For the six months ended June 30, 2018 and 2017, we had non-cash investing activities in connection with property and equipment of \$48.9 million and \$10.3 million, respectively. For the six months ended June 30, 2018, we had net foreign currency adjustments of \$3.9 million related to euro-denominated debt in connection with the financing for two of our Project Leonardo ships. For the six months ended June 30, 2017, we had non-cash investing activities in connection with capital leases of \$5.4 million.

13. Subsequent Event

On July 11, 2018, NCLC confirmed orders to construct two Project Leonardo ships expected to be delivered in 2026 and 2027. NCLC previously announced the option to order these two ships. The effectiveness of the orders is contingent on NCLC's entry into committed financing arrangements.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Statement Concerning Forward-Looking Statements

Certain statements in this report constitute forward-looking statements within the meaning of the U.S. federal securities laws intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts contained, or incorporated by reference, in this report, including, without limitation, those regarding our business strategy, financial position, results of operations, plans, prospects and objectives of management for future operations (including development plans and objectives relating to our activities), are forward-looking statements. Many, but not all, of these statements can be found by looking for words like “expect,” “anticipate,” “goal,” “project,” “plan,” “believe,” “seek,” “will,” “may,” “forecast,” “estimate,” “intend” and “future” and similar words. Forward-looking statements do not guarantee future performance and may involve risks, uncertainties and other factors which could cause our actual results, performance or achievements to differ materially from the future results, performance or achievements expressed or implied in those forward-looking statements. Examples of these risks, uncertainties and other factors include, but are not limited to the impact of:

- adverse events impacting the security of travel, such as terrorist acts, armed conflict and threats thereof, acts of piracy, and other international events;
- adverse incidents involving cruise ships;
- adverse general economic and related factors, such as fluctuating or increasing levels of unemployment, underemployment and the volatility of fuel prices, declines in the securities and real estate markets, and perceptions of these conditions that decrease the level of disposable income of consumers or consumer confidence;
- the spread of epidemics and viral outbreaks;
- our expansion into and investments in new markets;
- the risks and increased costs associated with operating internationally;
- breaches in data security or other disturbances to our information technology and other networks;
- changes in fuel prices and/or other cruise operating costs;
- fluctuations in foreign currency exchange rates;
- overcapacity in key markets or globally;
- the unavailability of attractive port destinations;
- evolving requirements and regulations regarding data privacy and protection and any actual or perceived compliance failures by us;
- our indebtedness and restrictions in the agreements governing our indebtedness that limit our flexibility in operating our business;
- the significant portion of our assets pledged as collateral under our existing debt agreements and the ability of our creditors to accelerate the repayment of our indebtedness;
- volatility and disruptions in the global credit and financial markets, which may adversely affect our ability to borrow and could increase our counterparty credit risks, including those under our credit facilities, derivatives, contingent obligations, insurance contracts and new ship progress payment guarantees;
- our inability to recruit or retain qualified personnel or the loss of key personnel;
- delays in our shipbuilding program and ship repairs, maintenance and refurbishments;
- our reliance on third parties to provide hotel management services to certain ships and certain other services;
- future increases in the price of, or major changes or reduction in, commercial airline services;

[Table of Contents](#)

- amendments to our collective bargaining agreements for crew members and other employee relation issues;
- our inability to obtain adequate insurance coverage;
- future changes relating to how external distribution channels sell and market our cruises;
- pending or threatened litigation, investigations and enforcement actions;
- our ability to keep pace with developments in technology;
- seasonal variations in passenger fare rates and occupancy levels at different times of the year;
- changes involving the tax and environmental regulatory regimes in which we operate; and
- other factors set forth under “Risk Factors.”

The above examples are not exhaustive and new risks emerge from time to time. Such forward-looking statements are based on our current beliefs, assumptions, expectations, estimates and projections regarding our present and future business strategies and the environment in which we expect to operate in the future. These forward-looking statements speak only as of the date made. We expressly disclaim any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement to reflect any change in our expectations with regard thereto or any change of events, conditions or circumstances on which any such statement was based, except as required by law.

Terminology

This report includes certain non-GAAP financial measures, such as Net Revenue, Net Yield, Net Cruise Cost, Adjusted Net Cruise Cost Excluding Fuel, Adjusted EBITDA, Adjusted Net Income and Adjusted EPS. Definitions of these non-GAAP financial measures are included below. For further information about our non-GAAP financial measures including detailed adjustments made in calculating our non-GAAP financial measures and a reconciliation to the most directly comparable GAAP financial measure, we refer you to “Results of Operations” below.

Unless otherwise indicated in this report, the following terms have the meanings set forth below:

- *Acquisition of Prestige*. In November 2014, we acquired Prestige in a cash and stock transaction for total consideration of \$3.025 billion, including the assumption of debt.
- *Adjusted EBITDA*. EBITDA adjusted for other income (expense), net and other supplemental adjustments.
- *Adjusted EPS*. Adjusted Net Income divided by the number of diluted weighted-average shares outstanding.
- *Adjusted Net Cruise Cost Excluding Fuel*. Net Cruise Cost Excluding Fuel expense adjusted for supplemental adjustments.
- *Adjusted Net Income*. Net income adjusted for supplemental adjustments.
- *Berths*. Double occupancy capacity per cabin (single occupancy per studio cabin) even though many cabins can accommodate three or more passengers.
- *Breakaway Four Loan*. €729.9 million Breakaway four loan maturing in 2029.
- *Breakaway Plus Class Ships*. Norwegian Escape, Norwegian Joy, Norwegian Bliss and a fourth ship on order, Norwegian Encore.
- *Business Enhancement Capital Expenditures*. Capital expenditures other than those related to new ship construction and ROI Capital Expenditures.
- *Capacity Days*. Available Berths multiplied by the number of cruise days for the period.
- *Constant Currency*. A calculation whereby foreign currency-denominated revenue and expenses in a period are converted at the U.S. dollar exchange rate of a comparable period in order to eliminate the effects of the foreign exchange fluctuations.
- *Dry-dock*. A process whereby a ship is positioned in a large basin where all of the fresh/sea water is pumped out in order to carry out cleaning and repairs of those parts of a ship which are below the water line.
- *EBITDA*. Earnings before interest, taxes, and depreciation and amortization.

[Table of Contents](#)

- *EPS*. Earnings per share.
- *Explorer Class Ships*. Regent's Seven Seas Explorer and a second ship on order, Seven Seas Splendor.
- *GAAP*. Generally accepted accounting principles in the U.S.
- *Gross Cruise Cost*. The sum of total cruise operating expense and marketing, general and administrative expense.
- *Gross Tons*. A unit of enclosed passenger space on a cruise ship, such that one gross ton = 100 cubic feet or 2.831 cubic meters.
- *Gross Yield*. Total revenue per Capacity Day.
- *Net Cruise Cost*. Gross Cruise Cost less commissions, transportation and other expense and onboard and other expense.
- *Net Cruise Cost Excluding Fuel*. Net Cruise Cost less fuel expense.
- *Net Revenue*. Total revenue less commissions, transportation and other expense and onboard and other expense.
- *Net Yield*. Net Revenue per Capacity Day.
- *Occupancy Percentage*. The ratio of Passenger Cruise Days to Capacity Days. A percentage in excess of 100% indicates that three or more passengers occupied some cabins.
- *Passenger Cruise Days*. The number of passengers carried for the period, multiplied by the number of days in their respective cruises.
- *Project Leonardo*. The next generation of ships for our Norwegian brand.
- *Revolving Loan Facility*. \$875.0 million senior secured revolving credit facility maturing on June 6, 2021.
- *ROI Capital Expenditures*. Comprised of project-based capital expenditures which have a quantified return on investment.
- *SEC*. U.S. Securities and Exchange Commission.
- *Secondary Equity Offering(s)*. Secondary public offering(s) of NCLH's ordinary shares in March 2018, November 2017, August 2017, December 2015, August 2015, May 2015, March 2015, March 2014, December 2013 and August 2013.
- *Shipboard Retirement Plan*. An unfunded defined benefit pension plan for certain crew members which computes benefits based on years of service, subject to certain requirements.

Non-GAAP Financial Measures

We use certain non-GAAP financial measures, such as Net Revenue, Net Yield, Net Cruise Cost, Adjusted Net Cruise Cost Excluding Fuel, Adjusted EBITDA, Adjusted Net Income and Adjusted EPS, to enable us to analyze our performance. See "Terminology" for the definitions of these non-GAAP financial measures. We utilize Net Revenue and Net Yield to manage our business on a day-to-day basis and believe that they are the most relevant measures of our revenue performance because they reflect the revenue earned by us net of significant variable costs. In measuring our ability to control costs in a manner that positively impacts net income, we believe changes in Net Cruise Cost and Adjusted Net Cruise Cost Excluding Fuel to be the most relevant indicators of our performance.

As our business includes the sourcing of passengers and deployment of vessels outside of the U.S., a portion of our revenue and expenses are denominated in foreign currencies, particularly British pound, Canadian dollar, euro and Australian dollar, which are subject to fluctuations in currency exchange rates versus our reporting currency, the U.S. dollar. In order to monitor results excluding these fluctuations, we calculate certain non-GAAP measures on a Constant Currency basis, whereby current period revenue and expenses denominated in foreign currencies are converted to U.S. dollars using currency exchange rates of the comparable period. We believe that presenting these non-GAAP measures on both a reported and Constant Currency basis is useful in providing a more comprehensive view of trends in our business.

We believe that Adjusted EBITDA is appropriate as a supplemental financial measure as it is used by management to assess operating performance. We also believe that Adjusted EBITDA is a useful measure in determining our performance as it reflects certain operating drivers of our business, such as sales growth, operating costs, marketing, general and administrative expense and other operating income and expense. Adjusted EBITDA is not a defined term under GAAP nor is it intended to be a measure of liquidity or cash flows from operations or a measure comparable to net income, as it does not take into account certain requirements such as capital expenditures and related depreciation, principal and interest payments and tax payments and it includes other supplemental adjustments.

[Table of Contents](#)

Adjusted Net Income and Adjusted EPS are non-GAAP financial measures that exclude certain amounts and are used to supplement GAAP net income and EPS. We use Adjusted Net Income and Adjusted EPS as key performance measures of our earnings performance. We believe that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when planning, forecasting and analyzing future periods. These non-GAAP financial measures also facilitate management's internal comparison to our historical performance. In addition, management uses Adjusted EPS as a performance measure for our incentive compensation. The amounts excluded in the presentation of these non-GAAP financial measures may vary from period to period; accordingly, our presentation of Adjusted Net Income and Adjusted EPS may not be indicative of future adjustments or results. For example, for the three and six months ended June 30, 2018, we incurred \$6.3 million related to the extinguishment of debt due to the partial redemption of our 4.750% Senior Notes due 2021. We included this as an adjustment in the reconciliation of Adjusted Net Income since the extinguishment of debt is not representative of our day-to-day operations and we have included similar adjustments in prior periods; however, this adjustment did not occur in the comparable prior periods presented with this Form 10-Q and is therefore not included in the prior periods reconciliation.

You are encouraged to evaluate each adjustment used in calculating our non-GAAP financial measures and the reasons we consider our non-GAAP financial measures appropriate for supplemental analysis. In evaluating our non-GAAP financial measures, you should be aware that in the future we may incur expenses similar to the adjustments in our presentation. Our non-GAAP financial measures have limitations as analytical tools, and you should not consider these measures in isolation or as a substitute for analysis of our results as reported under GAAP. Our presentation of our non-GAAP financial measures should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Our non-GAAP financial measures may not be comparable to other companies. Please see a historical reconciliation of these measures to the most comparable GAAP measure presented in our consolidated financial statements below in the "Results of Operations" section.

Financial Presentation

Revenue from our cruise and cruise-related activities are categorized by us as "passenger ticket revenue" and "onboard and other revenue." Passenger ticket revenue and onboard and other revenue vary according to product offering, the size of the ship in operation, the length of cruises operated and the markets in which the ship operates. Our revenue is seasonal based on demand for cruises, which has historically been strongest during the Northern Hemisphere's summer months. Passenger ticket revenue primarily consists of revenue for accommodations, meals in certain restaurants on the ship, certain onboard entertainment, and includes revenue for service charges and air and land transportation to and from the ship to the extent guests purchase these items from us. Onboard and other revenue primarily consists of revenue from casino, beverage sales, shore excursions, specialty dining, retail sales, spa services and photo services. Our onboard revenue is derived from onboard activities we perform directly or that are performed by independent concessionaires, from which we receive a share of their revenue.

Our cruise operating expense is classified as follows:

- Commissions, transportation and other primarily consists of direct costs associated with passenger ticket revenue. These costs include travel agent commissions, air and land transportation expenses, related credit card fees, certain port expenses and the costs associated with shore excursions and hotel accommodations included as part of the overall cruise purchase price.
- Onboard and other primarily consists of direct costs that are incurred in connection with onboard and other revenue. These include costs incurred in connection with casino, beverage sales and shore excursions.
- Payroll and related consists of the cost of wages and benefits for shipboard employees and costs of certain inventory items, including food, for a third party that provides crew and other hotel services for certain ships.
- Fuel includes fuel costs, the impact of certain fuel hedges and fuel delivery costs.
- Food consists of food costs for passengers and crew on certain ships.
- Other consists of repairs and maintenance (including Dry-dock costs), ship insurance and other ship expenses.

Critical Accounting Policies

For a discussion of our critical accounting policies and estimates, see “Critical Accounting Policies” included in our Annual Report on Form 10-K for the year ended December 31, 2017 under the caption “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” We have made no significant changes to our critical accounting policies and estimates from those described in our Annual Report on Form 10-K for the year ended December 31, 2017.

Quarterly Overview

Three months ended June 30, 2018 (“2018”) compared to three months ended June 30, 2017 (“2017”)

- Total revenue increased 13.2% to \$1.5 billion from \$1.3 billion.
- Net Revenue increased 13.7% to \$1.2 billion from \$1.0 billion.
- Net income and diluted EPS were \$226.7 million and \$1.01, respectively, compared to \$198.5 million and \$0.87, respectively.
- Operating income increased to \$292.2 million from \$275.1 million.
- Adjusted Net Income and Adjusted EPS were \$271.9 million and \$1.21, respectively, in 2018, which included \$45.2 million of adjustments primarily consisting of expenses related to non-cash compensation, amortization of intangible assets and certain other adjustments. Adjusted Net Income and Adjusted EPS were \$232.7 million and \$1.02, respectively, in 2017, which included \$34.3 million of adjustments primarily consisting of expenses related to non-cash compensation, amortization of intangible assets and certain other adjustments.
- Adjusted EBITDA improved 9.5% to \$465.2 million from \$424.9 million.

We refer you to our “Results of Operations” below for a calculation of Net Revenue, Adjusted Net Income, Adjusted EPS and Adjusted EBITDA.

Results of Operations

The following table sets forth operating data as a percentage of total revenue:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Revenue				
Passenger ticket	70.8%	69.8%	69.9%	69.1%
Onboard and other	29.2%	30.2%	30.1%	30.9%
Total revenue	100.0%	100.0%	100.0%	100.0%
Cruise operating expense				
Commissions, transportation and other	16.4%	16.6%	16.6%	16.7%
Onboard and other	6.1%	6.2%	5.8%	6.1%
Payroll and related	14.4%	14.5%	15.2%	15.5%
Fuel	6.2%	6.4%	6.7%	7.0%
Food	3.6%	3.5%	3.7%	3.8%
Other	10.0%	8.7%	9.9%	9.9%
Total cruise operating expense	56.7%	55.9%	57.9%	59.0%
Other operating expense				
Marketing, general and administrative	14.9%	14.4%	16.1%	15.5%
Depreciation and amortization	9.2%	9.2%	9.7%	9.7%
Total other operating expense	24.1%	23.6%	25.8%	25.2%
Operating income	19.2%	20.5%	16.3%	15.8%
Non-operating income (expense)				
Interest expense, net	(4.8)%	(4.8)%	(4.7)%	(4.7)%
Other income (expense), net	0.8%	(0.4)%	0.4%	(0.3)%
Total non-operating income (expense)	(4.0)%	(5.2)%	(4.3)%	(5.0)%
Net income before income taxes	15.2%	15.3%	12.0%	10.8%
Income tax expense	(0.3)%	(0.5)%	(0.3)%	(0.4)%
Net income	14.9%	14.8%	11.7%	10.4%

[Table of Contents](#)

The following table sets forth selected statistical information:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2018	2017	2018	2017
Passengers carried	687,820	598,942	1,305,260	1,127,296
Passenger Cruise Days	4,959,446	4,517,788	9,684,050	8,748,306
Capacity Days	4,550,217	4,189,750	9,016,688	8,220,366
Occupancy Percentage	109.0%	107.8%	107.4%	106.4%

Net Revenue, Gross Yield and Net Yield were calculated as follows (in thousands, except Capacity Days and Yield data):

	Three Months Ended June 30,			Six Months Ended June 30,		
	2018	2018 Constant Currency	2017	2018	2018 Constant Currency	2017
Passenger ticket revenue	\$ 1,077,046	\$ 1,067,224	\$ 938,014	\$ 1,966,912	\$ 1,944,016	\$ 1,724,708
Onboard and other revenue	445,128	445,128	406,089	848,665	848,665	770,176
Total revenue	1,522,174	1,512,352	1,344,103	2,815,577	2,792,681	2,494,884
Less:						
Commissions, transportation and other expense	249,875	247,696	223,315	468,215	462,987	417,455
Onboard and other expense	92,797	92,797	83,367	163,485	163,485	151,778
Net Revenue	\$ 1,179,502	\$ 1,171,859	\$ 1,037,421	\$ 2,183,877	\$ 2,166,209	\$ 1,925,651
Capacity Days	4,550,217	4,550,217	4,189,750	9,016,688	9,016,688	8,220,366
Gross Yield	\$ 334.53	\$ 332.37	\$ 320.81	\$ 312.26	\$ 309.72	\$ 303.50
Net Yield	\$ 259.22	\$ 257.54	\$ 247.61	\$ 242.20	\$ 240.24	\$ 234.25

Gross Cruise Cost, Net Cruise Cost, Net Cruise Cost Excluding Fuel and Adjusted Net Cruise Cost Excluding Fuel were calculated as follows (in thousands, except Capacity Days and per Capacity Day data):

	Three Months Ended June 30,			Six Months Ended June 30,		
	2018	2018 Constant Currency	2017	2018	2018 Constant Currency	2017

Three months ended June 30, 2018 (“2018”) compared to three months ended June 30, 2017 (“2017”)

Revenue

Total revenue increased 13.2% to \$1.5 billion in 2018 from \$1.3 billion in 2017. Gross Yield increased 4.3%. Net Revenue increased 13.7% to \$1.2 billion in 2018 from \$1.0 billion in 2017 due to an increase in Capacity Days of 8.6% and an increase in Net Yield of 4.7%. The increase in Capacity Days was primarily due to Norwegian Joy joining our fleet in the second quarter of 2017 and Norwegian Bliss joining our fleet in the second quarter of 2018, partially offset by scheduled Dry-docks. The increase in Gross Yield and Net Yield was primarily due to an increase in passenger ticket pricing and Occupancy Percentage. On a Constant Currency basis, Net Yield increased 4.0%.

Expense

Total cruise operating expense increased 14.7% in 2018 compared to 2017 primarily due to the increase in Capacity Days as discussed above. Gross Cruise Cost increased 15.2% in 2018 compared to 2017 due to an increase in total cruise operating expense and marketing, general and administrative expenses. Total other operating expense increased 15.9% in 2018 compared to 2017. Marketing, general and administrative expenses increased primarily due to an increase in incentive compensation. Depreciation and amortization expenses increased primarily due to the addition of Norwegian Joy and Norwegian Bliss and ship improvement projects. On a Capacity Day basis, Net Cruise Cost increased 7.6% (6.7% on a Constant Currency basis) due to an increase in maintenance and repairs including Dry-dock expenses and an increase in marketing, general and administrative expenses. Adjusted Net Cruise Cost Excluding Fuel per Capacity Day increased 8.4% (7.4% on a Constant Currency basis).

Interest expense, net was \$73.0 million in 2018 compared to \$64.2 million in 2017. The increase in interest expense reflects additional debt in connection with the delivery of Norwegian Bliss in April 2018, the delivery of Norwegian Joy in April 2017, Project Leonardo financing, as well as higher interest rates due to an increase in LIBOR, partially offset by the benefit from the full redemption in October 2017 of our 4.625% Senior Notes due 2020 and \$135.0 million partial redemption in April 2018 of our 4.75% Senior Notes due 2021. Also included in 2018 is the \$6.3 million of redemption premium and write-off of fees in connection with the partial redemption mentioned above.

Other income (expense), net was income of \$12.9 million in 2018 compared to an expense of \$5.6 million in 2017. In 2018, the income was primarily related to gains on foreign currency exchange. In 2017, the expense was primarily related to losses on foreign currency exchange and unrealized and realized losses on derivatives, partially offset by income from an insurance settlement.

[Table of Contents](#)

In 2018, we had an income tax expense of \$5.4 million compared to \$6.8 million in 2017.

Six months ended June 30, 2018 (“2018”) compared to six months ended June 30, 2017 (“2017”)

Revenue

Total revenue increased 12.9% to \$2.8 billion in 2018 from \$2.5 billion in 2017. Gross Yield increased 2.9%. Net Revenue increased 13.4% to \$2.2 billion in 2018 from \$1.9 billion in 2017 due to an increase in Capacity Days of 9.7% and an increase in Net Yield of 3.4%. The increase in Capacity Days was primarily due to Norwegian Joy joining our fleet in 2017 and Norwegian Bliss joining our fleet in the second quarter of 2018. The increase in Gross Yield and Net Yield was primarily due to an increase in passenger ticket pricing. On a Constant Currency basis, Net Yield increased 2.6%.

Expense

Total cruise operating expense increased 10.8% in 2018 compared to 2017 primarily due to the increase in Capacity Days as discussed above. Gross Cruise Cost increased 12.2% in 2018 compared to 2017 due to an increase in total cruise operating expense and marketing, general and administrative expenses. Total other operating expense increased 15.5% in 2018 compared to 2017. Marketing, general and administrative expenses increased primarily due to an increase in incentive compensation. Depreciation and amortization expenses increased primarily due to the additions of Norwegian Bliss and Norwegian Joy and ship improvement projects. On a Capacity Day basis, Net Cruise Cost increased 2.8% (2.1% on a Constant Currency basis) due to an increase in marketing, general and administrative expenses and an increase in maintenance and repairs including Dry-dock expenses. Adjusted Net Cruise Cost Excluding Fuel per Capacity Day increased 3.1% (2.2% on a Constant Currency basis).

Interest expense, net was \$132.7 million in 2018 compared to \$117.2 million in 2017. The increase in interest expense reflects additional debt in connection with the delivery of Norwegian Bliss in April 2018, the delivery of Norwegian Joy in April 2017, Project Leonardo financing, as well as higher interest rates due to an increase in LIBOR, partially offset by the benefit from the full redemption in October 2017 of our 4.625% Senior Notes due 2020 and \$135.0 million partial redemption in April 2018 of our 4.75% Senior Notes due 2021. Also included in 2018 is the \$6.3 million of redemption premium and write-off of fees in connection with the partial redemption mentioned above.

Other income (expense), net was income of \$11.3 million in 2018 compared to an expense of \$8.4 million in 2017. In 2018, the income was primarily related to gains on foreign currency exchange. In 2017, the expense was primarily related to losses on foreign currency exchange and unrealized and realized losses on derivatives partially offset by an insurance settlement.

In 2018, we had an income tax expense of \$7.9 million compared to \$8.8 million in 2017.

Liquidity and Capital Resources

General

As of June 30, 2018, our liquidity was \$891.0 million consisting of \$205.0 million in cash and cash equivalents and \$686.0 million available under our Revolving Loan Facility. Our primary ongoing liquidity requirements are to finance working capital, capital expenditures and debt service.

As of June 30, 2018, we had a working capital deficit of \$2.6 billion. This deficit included \$2.0 billion of advance ticket sales, which represents the total revenue we collect in advance of sailing dates and accordingly is substantially more like deferred revenue balances rather than actual current cash liabilities. Our business model, along with our Revolving Loan Facility, allows us to operate with a working capital deficit and still meet our operating, investing and financing needs.

We evaluate potential sources of additional liquidity, including the capital markets, in the ordinary course of business. We will continue to evaluate opportunities to optimize our capital structure, taking into consideration our current and expected capital requirements, our assessment of prevailing market conditions and expectations regarding future conditions, and the contractual and other restrictions to which we are subject.

Sources and Uses of Cash

In this section, references to “2018” refer to the six months ended June 30, 2018 and references to “2017” refer to the six months ended June 30, 2017.

Net cash provided by operating activities was \$1.3 billion in 2018 as compared to \$919.7 million in 2017. The net cash provided by operating activities included timing differences in cash receipts and payments relating to operating assets and liabilities. Advance ticket sales increased by \$612.3 million in 2018 compared to \$400.9 million in 2017. Without the adoption of ASU No. 2014-09, the Advance ticket sales would have increased by \$582.0 million in 2018 (we refer you to Note 2—“Summary of Significant Accounting Policies— Revenue and Expense Recognition” of the Notes to Consolidated Financial Statements for more on the effects of adoption of ASU No. 2014-09).

[Table of Contents](#)

Net cash used in investing activities was \$1.2 billion in 2018 and \$1.1 billion in 2017, primarily related to payments for ship deliveries, ships under construction and ship improvement projects.

Net cash used in financing activities was \$38.8 million in 2018 primarily due to net repayments of our Revolving Loan Facility and other loan facilities offset by borrowings on newbuild facilities. We redeemed \$135.0 million principal amount of the \$700.0 million aggregate principal amount of outstanding 4.750% Senior Notes due 2021. Additionally, in 2018, we repurchased \$463.5 million of our ordinary shares and incurred deferred financing fees related to financing of newbuild ships. Net cash provided by financing activities was \$271.8 million in 2017 primarily due to the proceeds from our Breakaway Four Loan facility, partially offset by the repayments of other loan facilities, our net repayment of our then existing revolving loan facility and payment of deferred financing fees.

Future Capital Commitments

Future capital commitments consist of contracted commitments, including ship construction contracts, and future expected capital expenditures necessary for operations as well as our ship refurbishment projects. As of June 30, 2018, our anticipated capital expenditures were \$0.3 billion for the remainder of 2018 and \$1.3 billion and \$0.9 billion for the years ending December 31, 2019 and 2020, respectively. We have export credit financing in place for the anticipated expenditures related to ship construction contracts of \$0.05 billion for the remainder of 2018, \$0.6 billion for 2019 and \$0.5 billion for 2020. These future expected capital expenditures will significantly increase our depreciation and amortization expense as we take delivery of the ships.

Project Leonardo will introduce an additional six ships with expected delivery dates from 2022 through 2027, subject to certain conditions. Each of the six Project Leonardo ships is approximately 140,000 Gross Tons with approximately 3,300 Berths. We have an Explorer Class Ship, Seven Seas Splendor, on order for delivery in the winter of 2020. This ship is approximately 55,000 Gross Tons and 750 Berths. We have one additional Breakaway Plus Class Ship, Norwegian Encore, on order for delivery in the fall of 2019. Norwegian Encore is approximately 168,000 Gross Tons with approximately 4,000 Berths. The combined contract price of the eight ships was approximately €7.2 billion, or \$8.4 billion based on the euro/U.S. dollar exchange rate as of June 30, 2018. We have obtained export credit financing for six of the ships which is expected to fund approximately 80% of the contract price of each ship expected to be delivered through 2025, subject to certain conditions. Two of the Leonardo ships are confirmed orders expected to be delivered in 2026 and 2027, subject to financing (we refer you to Note 13—“Subsequent Event” of the Notes to Consolidated Financial Statements).

In connection with the contracts to build these ships, we do not anticipate any contractual breach or cancellation to occur. However, if any were to occur, it could result in, among other things, the forfeiture of prior deposits or payments made by us, subject to certain refund guarantees, and potential claims and impairment losses which may materially impact our business, financial condition and results of operations.

Capitalized interest for the three and six months ended June 30, 2018 was \$6.8 million and \$16.8 million, respectively, and for the three and six months ended June 30, 2017 it was \$7.1 million and \$15.6 million, respectively, primarily associated with the construction of our newbuild ships.

Off-Balance Sheet Transactions

None.

Contractual Obligations

As of June 30, 2018, our contractual obligations with initial or remaining terms in excess of one year, including interest payments on long-term debt obligations, were as follows (in thousands):

	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Long-term debt (1)	\$ 6,960,218	\$ 679,767	\$ 1,358,238	\$ 2,980,194	\$ 1,942,019
Operating leases (2)	134,669	16,172	31,711	27,946	58,840
Ship construction contracts (3)	5,154,562	107,904	1,476,876	1,906,969	1,662,813
Port facilities (4)	1,046,408	60,160	115,480	116,047	754,721
Interest (5)	1,063,042	231,849	421,924	195,801	213,468
Other (6)(7)	1,451,355	234,985	428,023	358,283	430,064
Total	\$ 15,810,254	\$ 1,330,837	\$ 3,832,252	\$ 5,585,240	\$ 5,061,925

- (1) Includes discounts and premiums aggregating \$0.4 million. Also includes capital leases. The amount excludes deferred financing fees which are included in the consolidated balance sheets as an offset to long-term debt.
- (2) Primarily for offices, motor vehicles and office equipment.
- (3) For our newbuild ships based on the euro/U.S. dollar exchange rate as of June 30, 2018. Export credit financing is in place from syndicates of banks. The amount does not include the two Project Leonardo ships which are subject to financing, as described below.

[Table of Contents](#)

- (4) Primarily for our usage of certain port facilities.
- (5) Includes fixed and variable rates with LIBOR held constant as of June 30, 2018.
- (6) Future commitments for service, maintenance and other Business Enhancement Capital Expenditure contracts.
- (7) The table has been updated to reflect revisions to amounts previously included in the Annual Report on Form 10-K for the year ended December 31, 2017 for the periods less than 3 years in the “Other” category.

The table above does not include \$0.5 million of unrecognized tax benefits.

The following ship construction contract commitments for the two Project Leonardo ships expected to be delivered in 2026 and 2027 are not included in the table above because the effectiveness of the orders is contingent on NCLC’s entry into committed financing arrangements (in thousands):

	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Ship construction contracts	\$ 1,869,440	\$ 37,389	\$ —	\$ —	\$ 1,832,051

Other

Certain service providers may require collateral in the normal course of our business. The amount of collateral may change based on certain terms and conditions.

As a routine part of our business, depending on market conditions, exchange rates, pricing and our strategy for growth, we regularly consider opportunities to enter into contracts for the building of additional ships. We may also consider the sale of ships, potential acquisitions and strategic alliances. If any of these were to occur, they may be financed through the incurrence of additional permitted indebtedness, through cash flows from operations, or through the issuance of debt, equity or equity-related securities.

Funding Sources

Certain of our debt agreements contain covenants that, among other things, require us to maintain a minimum level of liquidity, as well as limit our net funded debt-to-capital ratio, maintain certain other ratios and restrict our ability to pay dividends. Substantially all of our ships and other property and equipment are pledged as collateral for certain of our debt. We believe we were in compliance with these covenants as of June 30, 2018.

In addition, our existing debt agreements restrict, and any of our future debt arrangements may restrict, among other things, the ability of our subsidiaries, including NCLC, to make distributions and/or pay dividends to NCLH and our ability to pay cash dividends to our shareholders. We are a holding company and depend upon our subsidiaries for their ability to pay distributions to us to finance any dividend or pay any other obligations of NCLH. However, we do not believe that these restrictions have had or are expected to have an impact on our ability to meet any cash obligations.

The impact of changes in world economies and especially the global credit markets can create a challenging environment and may reduce future consumer demand for cruises and adversely affect our counterparty credit risks. In the event this environment deteriorates, our business, financial condition and results of operations could be adversely impacted.

We believe our cash on hand, expected future operating cash inflows, additional available borrowings under our Revolving Loan Facility and our ability to issue debt securities or additional equity securities, will be sufficient to fund operations, debt payment requirements, capital expenditures and maintain compliance with covenants under our debt agreements over the next twelve-month period. There is no assurance that cash flows from operations and additional financings will be available in the future to fund our future obligations.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

General

We are exposed to market risk attributable to changes in interest rates, foreign currency exchange rates and fuel prices. We attempt to minimize these risks through a combination of our normal operating and financing activities and through the use of derivatives. The financial impacts of these derivative instruments are primarily offset by corresponding changes in the underlying exposures being hedged. We achieve this by closely matching the notional, term and conditions of the derivatives with the underlying risk being hedged. We do not hold or issue derivatives for trading or other speculative purposes. Derivative positions are monitored using techniques including market valuations and sensitivity analyses.

Interest Rate Risk

As of June 30, 2018, we had interest rate swap agreements to hedge our exposure to interest rate movements and to manage our interest expense. As of June 30, 2018, 70% of our debt was fixed and 30% was variable, which includes the effects of the interest rate swaps. The notional amount of outstanding debt associated with the interest rate swap agreements as of June 30, 2018 was \$1.0 billion. Based on our June 30, 2018 outstanding variable rate debt balance, a one percentage point increase in annual LIBOR interest rates would increase our annual interest expense by approximately \$20.9 million excluding the effects of capitalization of interest.

Foreign Currency Exchange Rate Risk

As of June 30, 2018, we had foreign currency derivatives to hedge the exposure to volatility in foreign currency exchange rates related to our ship construction contracts denominated in euros. These derivatives hedge the foreign currency exchange rate risk on a portion of the payments on our ship construction contracts. The payments not hedged aggregate €3.0 billion, or \$3.5 billion based on the euro/U.S. dollar exchange rate as of June 30, 2018. We estimate that a 10% change in the euro as of June 30, 2018 would result in a \$0.3 billion change in the U.S. dollar value of the foreign currency denominated remaining payments.

Fuel Price Risk

Our exposure to market risk for changes in fuel prices relates to the forecasted purchases of fuel on our ships. Fuel expense, as a percentage of our total cruise operating expense, was 11.0% and 11.5% for the three months ended June 30, 2018 and 2017, respectively, and 11.6% and 11.9% for the six months ended June 30, 2018 and 2017, respectively. We use fuel derivative agreements to mitigate the financial impact of fluctuations in fuel prices and as of June 30, 2018, we had hedged approximately 64%, 49% and 26% of our remaining 2018, 2019 and 2020, respectively, projected metric tons of fuel purchases. We estimate that a 10% increase in our weighted-average fuel price would increase our anticipated 2018 fuel expense by \$22.3 million. This increase would be partially offset by an increase in the fair value of our fuel swap agreements of \$11.4 million. Fair value of our derivative contracts is derived using valuation models that utilize the income valuation approach. These valuation models take into account the contract terms such as maturity, as well as other inputs such as fuel types, fuel curves, creditworthiness of the counterparty and the Company, as well as other data points.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management has evaluated, with the participation of our Chief Executive Officer and Interim Chief Financial Officer, the effectiveness of our disclosure controls and procedures, as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended, as of June 30, 2018. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives. Based upon management's evaluation, our Chief Executive Officer and Interim Chief Financial Officer concluded that our disclosure controls and procedures were effective as of June 30, 2018 to provide reasonable assurance that the information required to be disclosed by us in the reports we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that it is accumulated and communicated to our management, including our Chief Executive Officer and Interim Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended June 30, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system will be met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there is only the reasonable assurance that our controls will succeed in achieving their goals under all potential future conditions.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In the normal course of our business, various claims and lawsuits have been filed or are pending against us. Most of these claims and lawsuits are covered by insurance and, accordingly, the maximum amount of our liability is typically limited to our deductible amount.

Nonetheless, the ultimate outcome of these claims and lawsuits that are not covered by insurance cannot be determined at this time. We have evaluated our overall exposure with respect to all of our threatened and pending litigation and, to the extent required, we have accrued amounts for all estimable probable losses associated with our deemed exposure. We are currently unable to estimate any other potential contingent losses beyond those accrued, as discovery is not complete nor is adequate information available to estimate such range of loss or potential recovery. However, based on our current knowledge, we do not believe that the aggregate amount or range of reasonably possible losses with respect to these matters will be material to our consolidated results of operations, financial condition or cash flows. We intend to vigorously defend our legal position on all claims and, to the extent necessary, seek recovery.

Item 1A. Risk Factors

We refer you to our 2017 Annual Report on Form 10-K for a discussion of the risk factors that affect our business and financial results. We wish to caution the reader that the risk factors discussed in “Item 1A. Risk Factors” in our 2017 Annual Report on Form 10-K, elsewhere in this report or other SEC filings, could cause future results to differ materially from those stated in any forward-looking statements.

Other than the risk factor set forth below regarding data privacy and protection regulations, there have been no material changes in our risk factors from those disclosed in our 2017 Annual Report on Form 10-K.

Evolving requirements and regulations regarding data privacy and protection and any actual or perceived compliance failures by us could increase our liability and costs and otherwise materially adversely affect our business operations.

We process and store sensitive information relating to our guests, employees, business partners and others and we are subject to requirements and regulations regarding data privacy and protection in multiple jurisdictions. Government regulators, privacy advocates and individuals are increasingly scrutinizing how companies collect, process, store, share and transmit personal data. New laws governing data privacy and protection, such as the European Union’s General Data Protection Regulation (“GDPR”) have been enacted and more are being considered worldwide. The GDPR contains stringent data privacy and protection requirements and enables regulators to impose significant penalties for non-compliance. The regulatory framework for data privacy and protection is uncertain for the foreseeable future, and it is possible that legal and regulatory obligations may continue to increase and may be interpreted and applied in a manner that is inconsistent or possibly conflicting from one jurisdiction to another.

Any actual or perceived failure by us or our business partners to comply with posted privacy policies, federal, state or international data privacy and protection laws and regulations, or privacy commitments contained in our contracts could result in proceedings against us by governmental entities or others and significant fines, which could have a material adverse effect on our business and operating results and harm our reputation. Additionally, if third parties we work with, such as vendors, violate applicable laws or regulations or our policies, such violations may also result in increased liability for us and have an adverse effect on our business.

Existing and future legal and regulatory restrictions on our ability to collect and use data could also negatively affect our ability to market our business, result in increased compliance costs, and otherwise affect our business processes, all of which could have an adverse effect on our financial results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Purchases of Equity Securities by the Issuer

On April 17, 2018, the Board of Directors of NCLH approved a three-year share repurchase program under which NCLH may purchase up to \$1.0 billion of its ordinary shares (the “Repurchase Program”). Pursuant to the Repurchase Program, NCLH may repurchase its ordinary shares from time to time, in amounts, at prices and at such times as it deems appropriate, subject to market conditions and other considerations. Repurchases under the Repurchase Program may take place in the open market or in privately negotiated transactions, including structured and derivative transactions such as accelerated share repurchase transactions and may be made under a Rule 10b5-1 plan.

[Table of Contents](#)

Share repurchase activity during the three months ended June 30, 2018 was as follows:

Period	Total Number of Shares Purchased as Part of a Publicly Announced Program (in thousands)	Average Price Paid per Share	Approximate Dollar Value of Shares that May Yet be Purchased Under the Program (in thousands)
April 1, 2018 – April 30, 2018	—	\$ —	\$ —
May 1, 2018 – May 31, 2018	3,762	\$ 53.16	\$ 800,000
June 1, 2018 – June 30, 2018	—	\$ —	\$ —

CERTIFICATION

I, Frank J. Del Rio, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Norwegian Cruise Line Holdings Ltd.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation;
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
